## OUR ENVIRONMENTAL POLICY

Being aware of our responsibility toward the environment, we commit to;

- Protection of nature from potential impacts of our activities, products, and services,
- Constant improvement of our environmental performance, reduction of raw material and energy use for protection of natural resources,
- Minimization of wastes, support and implementation of recycling by making agreements with authorized recycling companies,
  - Incentivization and support of effective use, recovery, and revaluation efforts,
  - Support and enhancement of renewable and sustainable raw material utilization,
  - Utilization of more recycled raw materials and technologies with less environmental impact during design, manufacturing process, and at the end of useful life of products and processes,
- Monitoring the impact of climate change on our activities and performance of necessary efforts,
- Comply with the applicable legislation and utilization of our resources without disrupting natural balances and causing pollution.
